

A New All-Season Model Two Cars In One

The introduction of the seven passenger Cole-Springfield Body is proving to be the sensation of the season.

For here at last is the ideal car! Here at last is a car combining all the comforts and luxuries of the most costly limousine plus all the advantages of the open car.

Here is a car that in one minute can be changed from a limousine to a touring car. In other words, here you have two cars in one.

Yet the two bodies are in one unit. The top does not come off—as is the ordinary practice. It does not take two or three men two or three hours to make the change. The roof is permanent. Just the windows are moveable. They can be changed in no time.

When touring, if a sudden shower comes up just slip the windows in place and spin along as in a limousine. With the reappearance of the sun—remove your windows—and be on your way in an open touring car.

Can you imagine anything more practical and delightful?

These new Cole bodies are richly finished and elegantly appointed. They embody the finest coach work, the most costly materials, the most graceful designs and the best construction. In a word—they represent the last word in fine motor car bodies.

Come in and see these cars. Ask for a demonstration.

FROM SUN KISSED
WHEAT FIELDS

to finished loaf every step in the making of our bread is carefully taken. Our flour is the best we can buy. Our bakers are the most skillful we can secure.

THAT'S ONE REASON
WHY OUR BREAD

tastes so much better. That's also a reason why it stays moist, keeps fresher and tastier. That's why you should try it just to know what perfect bread is.
